

LA CURACAO

Citizen Eco-Drive

Fueled by light. Any light.
A watch that never needs a battery.

It starts with a simple, yet revolutionary concept: a watch that never needs a battery. Citizen Eco-Drive technology harnesses the power of light—from any natural or artificial light source—and converts it into energy which is stored in a permanently rechargeable lithium-ion cell. It recharges continuously in any kind of light to run forever.

Impulsado por la luz. Cualquier luz.
Un reloj que jamás necesita batería.

Comienza con un concepto simple y aún así revolucionario: un reloj que nunca necesita batería. La tecnología Eco-Drive de Citizen emplea el poder de la luz—de cualquier fuente, natural o artificial—y lo convierte en energía, la cual es almacenada en una celda de litio-ion de recarga permanente. Se recarga continuamente con cualquier tipo de luz para funcionar por siempre.
